

Expeditors is a Fortune 500 service-based logistics company with headquarters in Bellevue, Washington, USA. At Expeditors, we generate highly optimized and customized supply chain solutions for our clients with unified technology systems integrated through a global network of over 340+ locations in 100+ countries on six continents. As a service-based company, we don't own the aircraft, ships, or trucks we use every day. This means we can be highly flexible in our approach to supply chain management, and very effective at finding the best route and pricing options.
