

THE SPEED YOU NEED.

time:matters – YOUR EXPERTS FOR SPECIAL SPEED LOGISTICS

time:matters is your expert for high performance, extremely urgent transports and complex shipping needs. We develop customized logistics solutions that are tailored to your specific needs – around the clock, 7 days a week.

We maintain close cooperations with more than 20 airlines and over 500 other logistics partners worldwide. In particular, we have preferential access to the Lufthansa Group network and are an exclusive partner of Deutsche Bahn. Our unique services can be freely combined with one another.

Therefore, we are able to promptly develop customized transport solutions, ranging from ad-hoc cases to regular day-to-day business, and always ensure maximum flexibility.

Throughout the process, the focus is on speed, quality and your individual needs. We deliver your shipment quickly and reliably to its destination via air, rail and road – whether it's time-critical spare parts or materials required to avoid production bottlenecks, confidential documents or refrigerated stem cells.

Individual logistics solutions tailored to your needs

- 24/7 availability of our logistics experts, shortest response times – from order acceptance and pickup to delivery
- Transport solutions for emergencies, your time-critical day-to-day business as well as tailor-made industry solutions
- Versatile transport options: pickup, delivery, customs clearance upon request
- Exclusive partnerships with Lufthansa Group, more than 20 partner airlines and Deutsche Bahn
- Company-operated Courier Terminals and direct access to the apron area at the airports in Frankfurt, Munich and Vienna
- Shortest processing and transit times at all airports throughout the network
- Higher loading priority than express freight
- Exclusive shipment monitoring and proactive status updates
- Customs clearance: all standard customs procedures as well as complete solutions, including digital solutions for eCommerce customs brokerage

CUSTOMIZED GLOBAL LOGISTICS SOLUTIONS

Sameday Air – the fastest air cargo service

With our highly efficient sameday network, we load your shipments onto the next available flight of all our partner airlines. Each shipment is individually processed and isn't consolidated, thus saving you valuable time. Through our proactive status information, you always have an eye on your shipment.

Your Advantages

- Over 200 stations in Europe, Israel, US, Mexico and Asia
- Higher loading priority than express freight
- Latest acceptance and early availability: from 45 minutes prior to departure or after arrival
- Fast transit starting from 40 minutes
- Pickup, delivery, customs clearance upon request
- Up to 300 kg chargeable weight (higher weights available upon request)

Global Express Air Freight – service on cargo and passenger aircraft

We closely cooperate with the Lufthansa Group throughout the world and offer you options such as customs clearance or pickup and delivery of your shipment. Whether it's departure, arrival or transit, our specialized monitoring team closely observes your shipment each step of the way. The separate loading and use of various loading options (loose, in our own containers or on pallets) provides you with the highest quality of shipping and greatest amount of flexibility.

Your Advantages

- 300 destinations in more than 100 countries
- Priority loading on passenger and cargo flights
- Special handling at departure and arrival airports with the shortest processing times starting from 90 minutes
- Minimal transit times thanks to direct plane-to-plane loading starting from 40 minutes
- Pickup, delivery, customs clearance upon request
- Regardless of weight and size

airmates On Board Couriers

Urgent spare parts, sensitive samples or confidential documents: Our On Board Couriers accompany your urgent shipment personally to its destination and guarantee maximum speed with 100 % reliability.

Your Advantages

- Fastest flight connection and best price
- Immediate availability of more than 12,000 couriers in over 50 countries
- Maximum reliability through experienced and verified On Board Couriers
- Active monitoring and status updates during the entire transport
- 24/7 availability of our experienced logistics experts
- CO₂ emissions from pickup, delivery and flight are compensated

CUSTOMIZED GLOBAL LOGISTICS SOLUTIONS

The suitable solution for any requirement

Do you have particularly urgent, complex or “impossible” logistics challenges? We respond immediately and offer you ad-hoc customized transports as well as solutions for your day-to-day business.

Innight service for your spare parts supply

Our Europe-wide service for spare parts logistics offers you numerous competitive advantages for after-sales service. Due to our dedicated flight network, customized modes of delivery, as well as sophisticated shipment tracking, you achieve the decisive competitive edge.

Your Advantages

- Reliable network consisting of specialized service providers, controlled by time:matters
- Transparent and proactive real-time shipment tracking, with the option of notifying technicians (e.g. via text message)
- Pickup until 7 p.m. and delivery innight or express during the day (with time options)
- Flexible IT setup, combinable with external systems

Sameday Rail: ic:kurier

Your Advantages

- More than 100 train stations within Germany as well as in Paris, Vienna, Basel and Amsterdam
- Climate-neutral through green electricity and CO₂ compensation of pickup and delivery
- Late acceptance and early availability: on average 20 minutes prior to departure/ after arrival
- Weight 20 kg, total girth 2 m
