From epGroup to xpd global

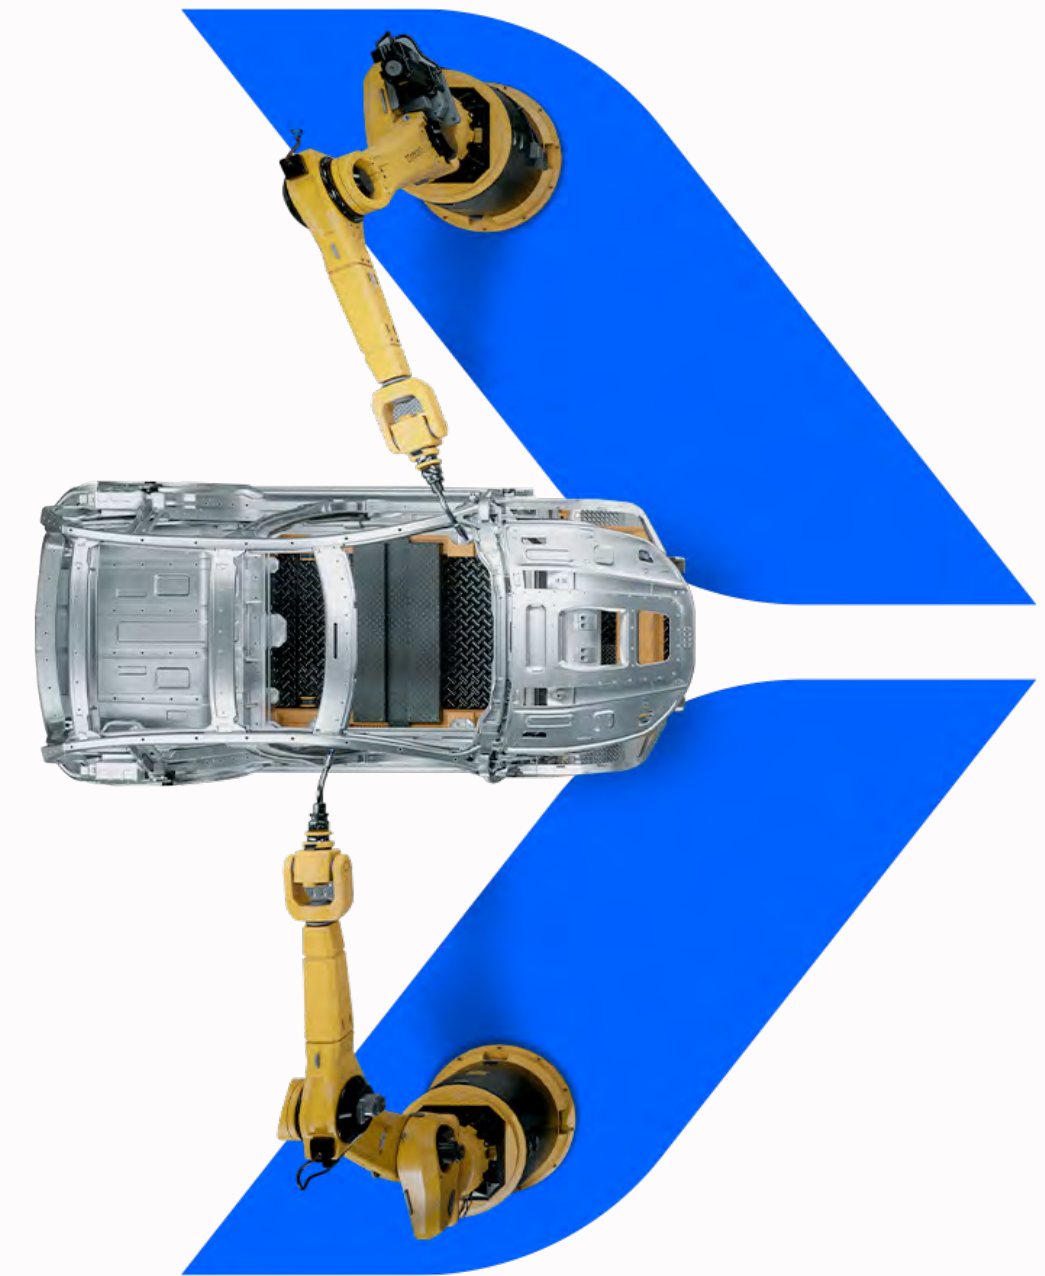

After 20 years of leading logistics solutions for successful companies worldwide throughout four brands, operating in all the Americas, Europe and Asia, **Europartners Group (a.k.a. epGroup) was rebranded to provide you with premium logistics services under a new, unified brand: xpd global®.**

In this unprecedented chapter in the global freight forwarding history, **xpd global® is now developing customized solutions to meet your unique high-coordination, time-sensitive and time-critical needs**, delivering each and every shipment quickly and efficiently so you can focus on growing your business.

World-class logistics for the automotive industry

With over 20 years of solving logistics challenges, our commitment to excellence is unwavering. We provide customized solutions for **planned, time-sensitive, and critical cargo** that meet your unique needs.

Why should you choose xpd global?

400+
monthly automotive clients

Dedicated
KAM teams

20+
years in the market

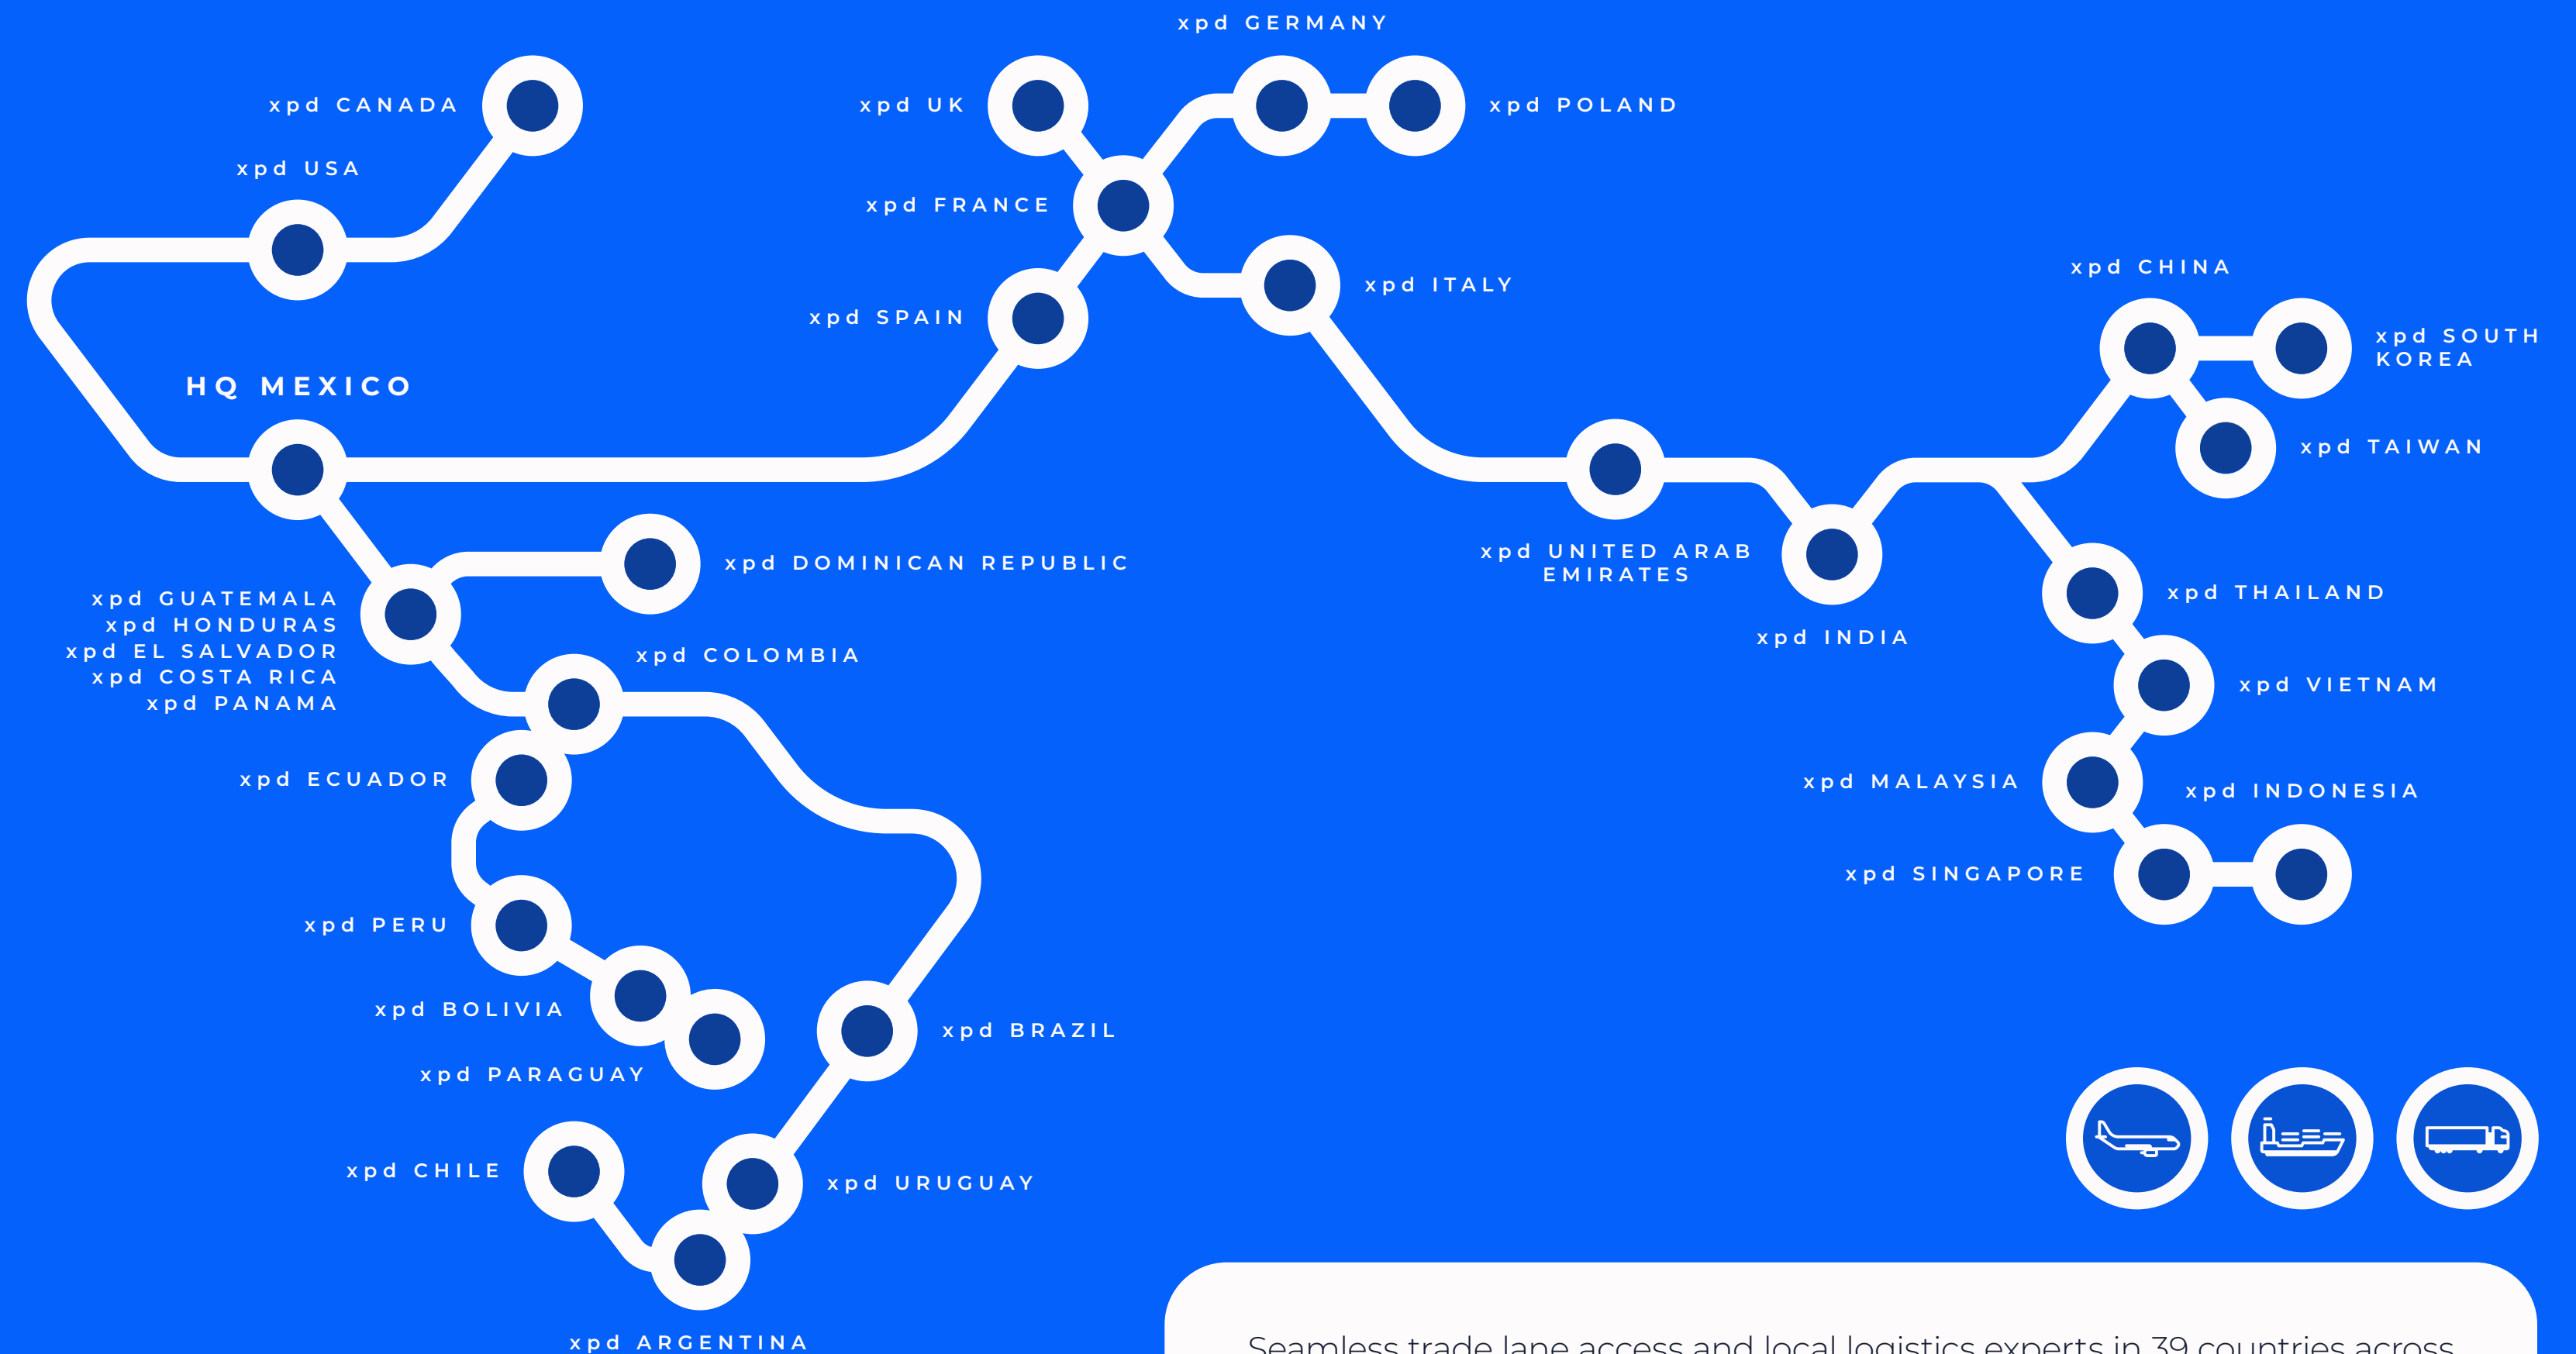

30+
countries

3000+
worldwide clients

24 / 7
control tower

100+ own offices worldwide

Our strategic xpd global network is **engineered around key manufacturing hubs** to move your cargo faster, with full visibility and expert care.

Seamless trade lane access and local logistics experts in 39 countries across the Americas, Europe, and Asia, **delivering cargo faster and more reliably without intermediaries, delays, or miscommunication.**

Committed to the automotive industry segments' growth

Experience gained over a decade devoted to **global automotive supply chains, lean manufacturing principles and just-in-time practices.**

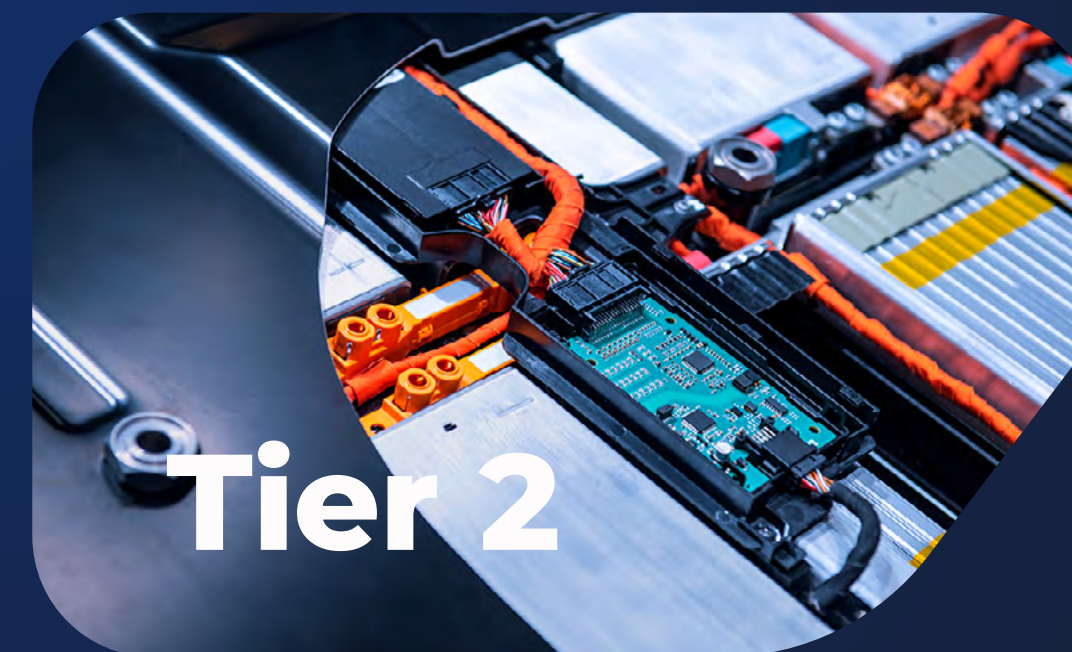

OEM

Advanced specialized logistics capabilities to move finished vehicles, prototypes, or machinery, precisely.

Tier 1

Leading automotive emergency logistics experts with comprehensive global capacities to respond fast.

Tier 2

Reliable logistics processes tailored to each project's volume, quality, schedules and specific requirements.

Semicon

End-to-end suite logistics solutions for the semiconductor industry, including chip and processor assembly and testing.

Automotive & e-mobility logistics engine

We offer solutions for all sub-sectors of the automobility market to achieve seamless delivery of auto parts and finished goods in a timely manner avoiding the threat of costly downtime and delays in new product launches to the market.

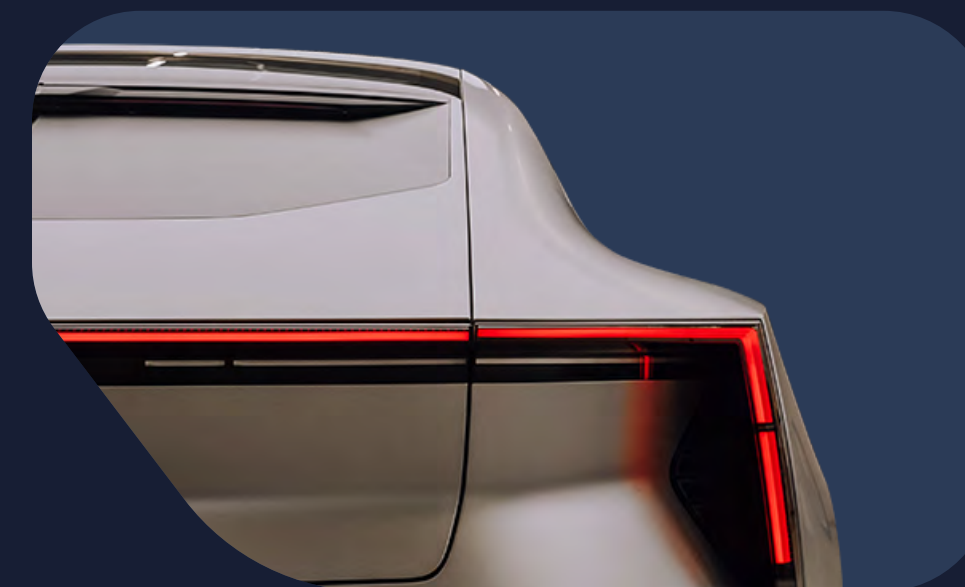

Attending the automotive sub-sectors

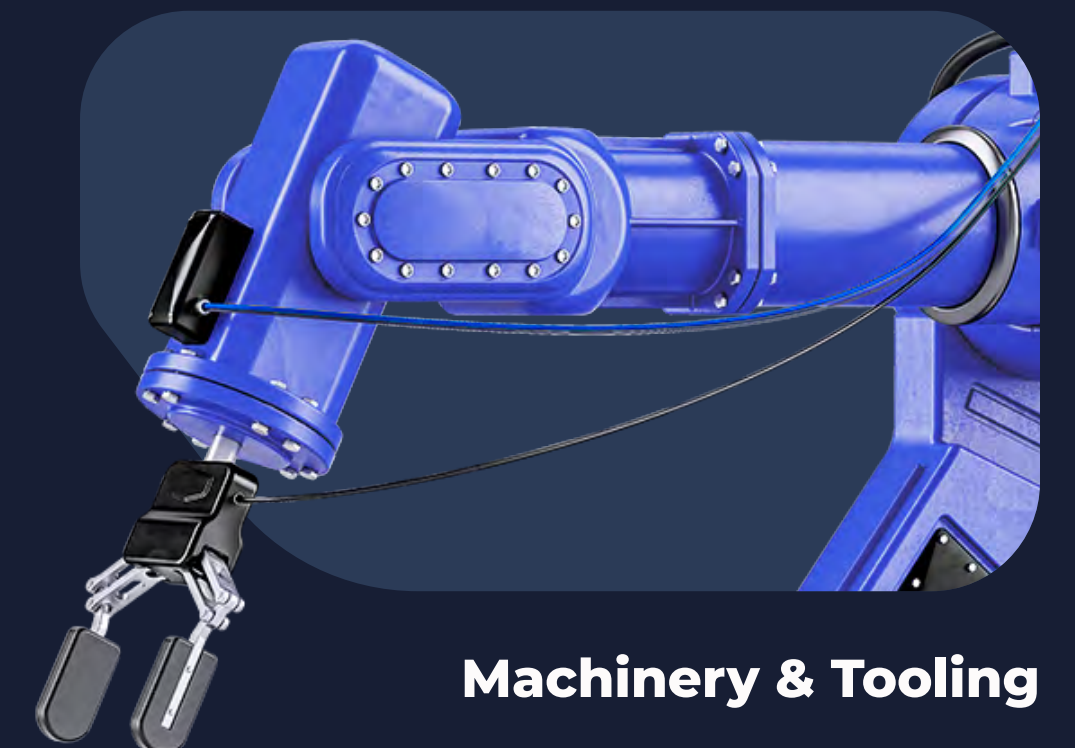

Inbound parts

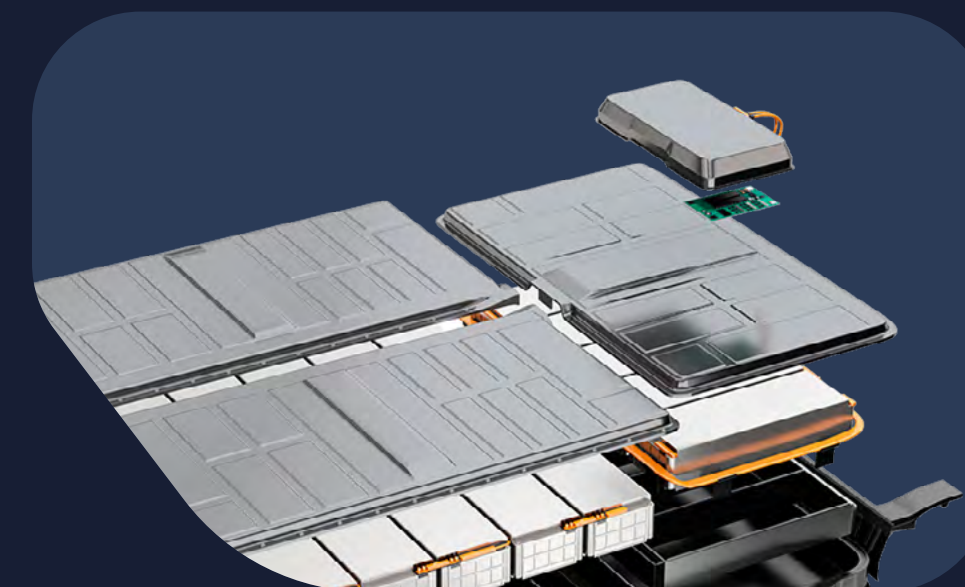

Outbound finished parts

Prototypes & Samples

Machinery & Tooling

Tyres

One-stop shop for the automotive industry

\ Digital platforms & connectivity

We provide digital account management through our customer portal, which allows for speeding up decision-making.

\ Global account management

We aim to standardize processes while keeping our services agile to meet the time-critical demands of our business.

The automotive and e-mobility sectors are our top business priorities. We have a deep understanding of your logistics needs and are well-versed in your compliance standards, from administrative processes to handling industry-specific cargo. We work to optimize resources and help drive your business's growth.

\ Compliance

Our procedures, annual audits and certifications assist in mitigating risks.

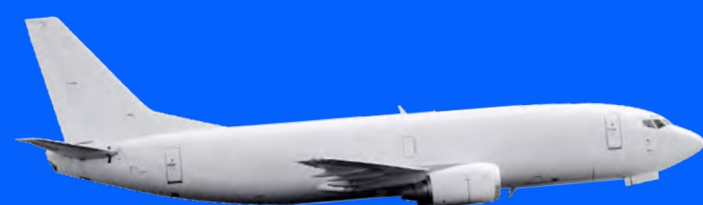

\ Sustainability

We maintain the balance through socially responsible campaigns and partnering with the right vendors to mitigate carbon footprint.

End-to-end logistics for the automotive supply chain

Tens of thousands of components - big and small - go into the marvel that is an automobile.
To ensure that all your components move like clockwork, you need **a logistics partner offering that gives you the utmost control, reliability and transparency.**

**Logistics solutions that
meet your needs**

Act fast

Deliver on time

Avoid line stoppages

Air freight

A solution to each destination

Rely on air logistics transportation solutions from and to the most important airports in the world, finely adjusted to your needs and schedules.

Economy

Balanced between cost and transit time.

The choice for regular and scheduled cargo with moderate time-sensitive delivery requirements.

Air Priority

The best flights, assistance & priority access.

Fast and secure delivery for time-sensitive and time-critical cargo with 24/7 support.

Consol

Fast, flexible, and efficient with space guaranteed.

Optimize cost efficiency by reducing handling, documentation, and transport cost per shipment.

Critical

Speed when every second counts.

Dedicated charter or OBC services ensure the shortest transit time for urgent deliveries.

- Individualized, dedicated & specialized attention.
- Mitigation and control of any risks.
- Purchase power and high-level relationship with the main airlines.
- Own offices on main airports.
- Routes and transit times diversity.

Ocean freight

Your best-fitting solution

Rely on a comprehensive coverage of the most important maritime routes. We combine expertise and technology to transport your cargo from and to any port in the world.

Full Container Load

Strict time deliveries and full containers assigned for a single client.

Less than Container Load

Room always available. Programmed time schedules for consolidated cargo.

Buyer's Consolidation

We can coordinate multiple shippers and consolidate cargo from Europe and Asia, establishing connections to the Americas.

\\ **The most competitive logistic solution.**

\\ **Expertise in transporting high-volume cargo.**

\\ **Diversity on routes and transit times.**

\\ **Tailor-made consultancy and coordination according to your cargo requirements.**

\\ **Strategic planning to mitigate risks.**

Ground freight

We are leaders in ground freight solutions

Get to know the best ways and means. As experts in routes all around the world, we can tailor the best ground transportation solutions to your most specific needs.

FTL

Strict time deliveries and full units assigned for a single client.

LTL

There's always room for more. Programmed time schedules for consolidated cargo.

FTB

Expertise in managing any special-dimension cargo.

- \\ Special rates according to volumes.
- \\ SOP development per project.

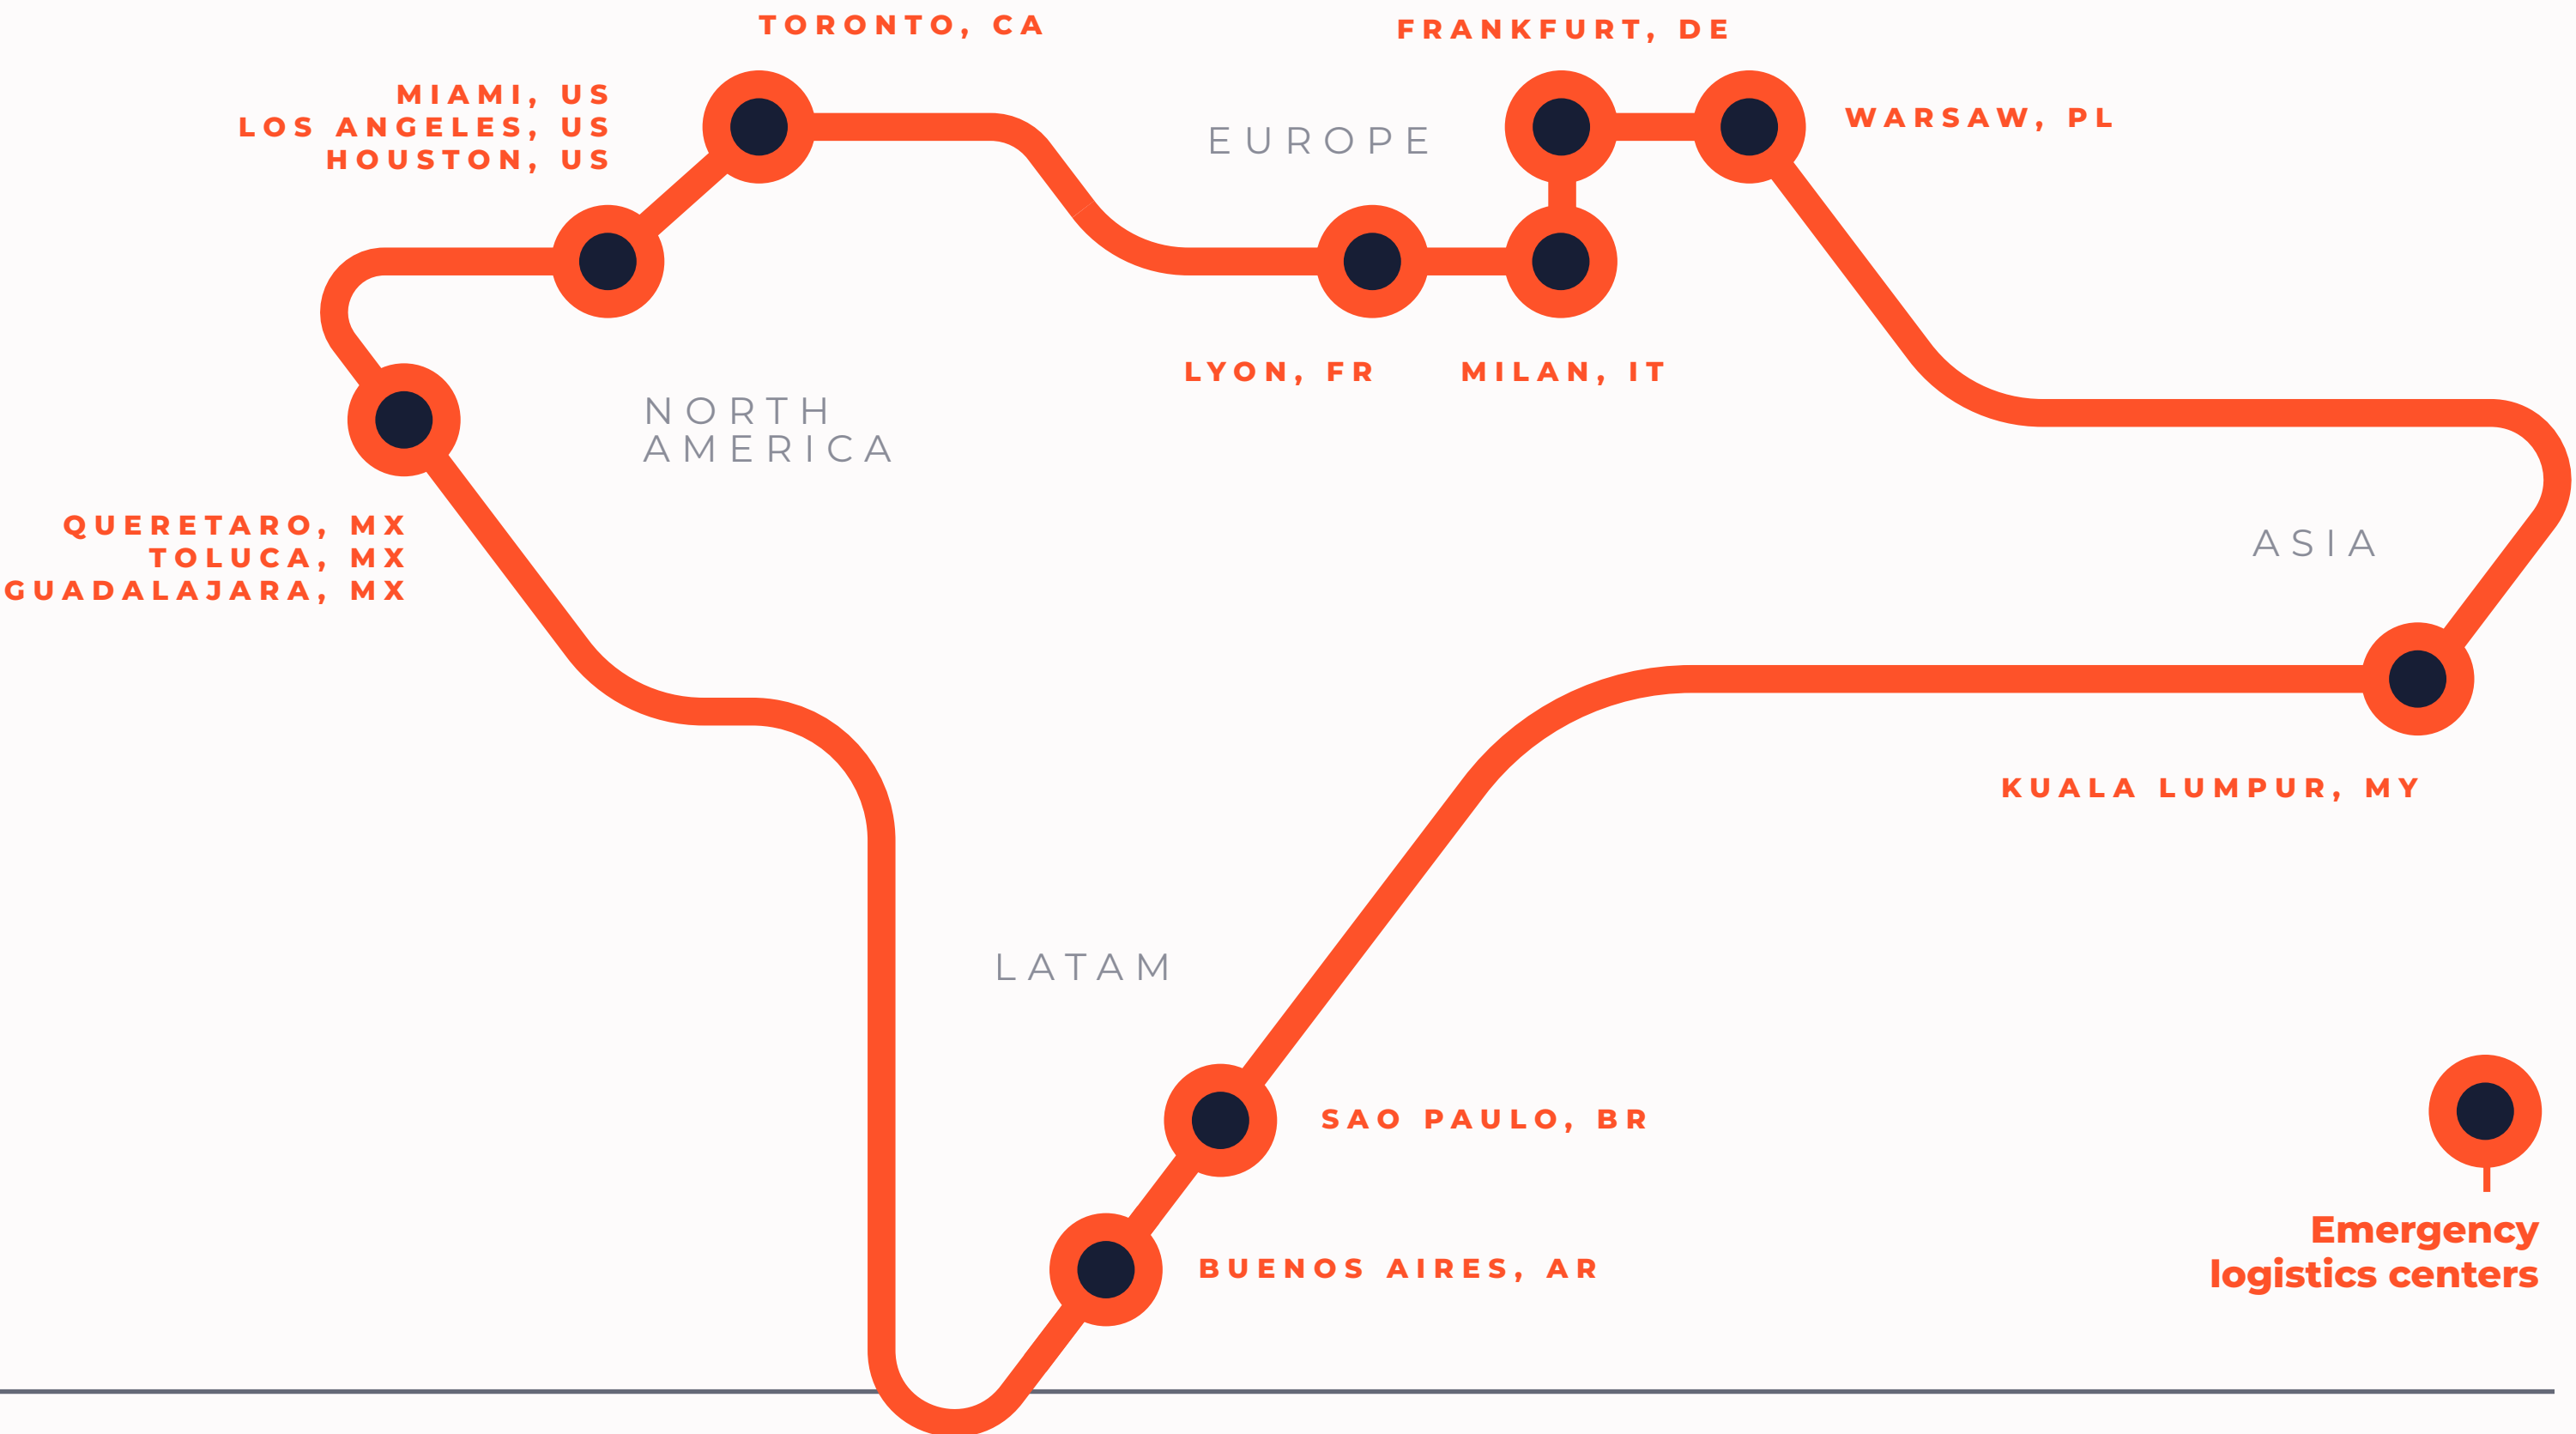

- \\ Fast, efficient solutions for your ground freight needs.
- \\ Alliances with over 600 strategic partners and 200 U.S. consolidated cargo terminals.

- \\ Online quote + technology to enhance your operations control.

Time-critical solutions

We deliver your time-critical cargo fast, precisely and cleverly. Our distinct variety of solutions were built to **satisfy your different delivery requirements.**

24 / 7 Services

Air Charter

Small, medium and 747 complete or partial units for local or international services.

On-Board Courier

A flexible and less bureaucratic solution to move up to 120kg per hand carry.

Air Priority

Next Flight Out (NFO). Top priority cargo on domestic and overseas flights, for same or next day deliveries.

Ground Expedited

Hot-shot and other units to deliver door-to-door in the shortest time possible.

AOG Desk

Comprehensive logistics control for **AOG situations**, focused on restoring aircraft operations with precision and speed.

Dedicated attention

World-class automotive expertise

Rely on our vast automobility industry experience, dedicated to attending the highest levels of complex logistics operations for lean and robust supply chains.

Key Account Managers

Managers with vast experience in the automotive industry, dedicated to attending the highest levels of complex logistics operations.

In-house executives

A dedicated Key Account Manager that performs all logistics activities directly at your own plant, performing with our highest standards.

Service

Our focus is personal attention. Rely on fast response times with clear visibility and control at all stages of the logistics process, with 24 / 7 door-to-door customized solutions design and SOP follow-up.

Supply chain assessment

We carry out a comprehensive analysis of your supply chain to understand your most particular needs and provide a seamless flow of communication, materials, and products using data analysis of detailed RFQs by service type and route.

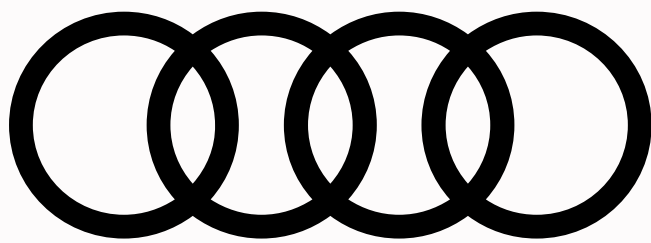

Connectivity

We measure performance in line with KPI's design specifically for your projects' needs and exclusive technology to provide fast online quoting, order summaries, shipment documentation and billing information.

Customers who move the world
